

PreK-2
SESSION 180
FRIDAY
9:15am to 10:15am
Ballroom C3

Don't Just Improve Math Skills! Develop both skills and understanding!

Key secret ingredients are stirring up classrooms in Texas. Newly developed recipes that don't just improve math skills but develop both skills and understanding by using fun math games that engage students in mathematical experiences, and increase their desire to learn.

All materials will be available electronically.
